

OWEN CHRISTIAN T. ROBAS

Bagumbayan Sur, Naga City | robasowen@gmail.com | 0910-297-2392

OBJECTIVE

Seeking an IT-related position where I can apply my knowledge of software development, system administration, database management, networking, hardware and software troubleshooting, and technical support. Eager to contribute to the development, maintenance, and optimization of IT systems while continuously expanding my technical and software expertise, delivering reliable technology solutions that support organizational objectives.

PERSONAL INFORMATION

Date of Birth: July 24, 2002
Place of Birth: Naga, Camarines Sur
Civil Status: Single

TECHNICAL SKILLS

Languages	PHP, Python, Java, C#, Dart (Flutter)
Web/App	Laravel, ASP.NET Core, Flutter, HTML, CSS, JavaScript
Tools	Git & GitHub, MySQL, VS Code, MS Office, Google Workspace
Soft Skills	Collaboration, Problem-solving, Adaptability, Decision-making, Critical Thinking

WORK EXPERIENCE

ON THE JOB TRAINING

CASURECO II CORPLAN-IT Division, Naga City

Developed **CASURECO 2 ICT Asset**, an information system that tracks the complete lifecycle of the cooperative's IT equipment from computers and printers to network devices and mobile units. It includes inventory management, assignment tracking, audit history, a live dashboard, and QR/UUID scanning for quick asset identification. Building this from scratch has pushed me to apply and grow my development skills in ways that directly benefit the cooperative.

Freelance System Developer

SSC Automated Email Sender System

- An automated email notification system for SSC members that sends reminders and announcements about meetings, events, and updates to all registered members' emails.

EDUCATION

Bachelor of Science in Information Technology (2022-2026)

STI COLLEGE - NAGA

Barangay Triangulo, Naga City, Camarines Sur, Philippines

Capstone Project:

FureverCare - A veterinary management and pet care system designed to help veterinary clinics and pet owners manage pet-related information and services in one centralized platform. Features include pet medical records management, appointment scheduling, procedure tracking, automated SMS/notification reminders, user and admin management, calendar and reporting, and clinic-owner messaging.
